

NICK LARDER'S SPONSORED WALK FROM MONTGOMERYSHIRE TO CARDIFF

We are walking from Welshpool to Cardiff in aid of Montgomeryshire Against Pylons. We are concerned at the industrialisation of the county as a result of the planning implications of the TAN8 document. We are walking to the Welsh Assembly (108 miles) through our beautiful countryside to join the rally there on 24th May to tell the new Assembly how they should reconsider the planning and construction of 800 new wind turbines, and the associated substation, pylons and powerlines in our beautiful county.
